M.S.S. CHAKRADHAR

B.Tech CSE – Artificial Intelligence & Machine Learning

chakradharmandadapu@gmail.com | 8341490409
GitHub | LinkedIn | LeetCode | HackerRank

Professional Summary

Second-year Computer Science and Engineering student specializing in AI & ML at KL University, interested in Agentic AI, full-stack development, and intelligent software solutions. Focused on building practical projects while strengthening programming, problem-solving, and software development skills.

Education

KL University **CGPA: 8.2**
B.Tech in Computer Science and Engineering (AI & ML specialization) Currently in 2nd Year
Oxford VIT 93.9%
Intermediate / Higher Secondary
St. Joseph's High School 94%
Secondary Education

Technical Skills

Languages: C, Python, Java, JavaScript
Frontend: HTML, CSS, JavaScript
Backend: Node.js, REST APIs
AI/ML: NumPy, Pandas, Scikit-learn, TensorFlow
Databases: SQL, MySQL
Tools: Git, GitHub, VS Code, Power BI, Linux

Projects

KisanAI *Full-Stack / Agriculture Technology*

- Developed an agriculture-focused platform concept aimed at supporting farmers through digital tools and intelligent insights.
- Focused on applying technology to practical agricultural challenges and decision-making.

CTCMS – Course Timetable & Management System *Python*

- Worked on a Python-based system for organizing and managing academic timetable information.
- GitHub: View Repository

Comparative Study on Sorting Algorithms *C*

- Studied and implemented Bubble Sort, Quick Sort, and Merge Sort to understand algorithmic approaches and efficiency.

Anagram Search *C*

- Explored string processing and character comparison techniques to identify anagrams.

Razorpay Buildathon Project *Web Development*

- Built a website as part of a Razorpay Buildathon.
- Demo: Watch Project Demo

Achievements & Coding

- Participated in Smart India Hackathon (SIH) and was selected in the internal round.
- Participated in a Razorpay Buildathon and developed a web project.
- Solved nearly 100 problems on LeetCode and regularly practises problem-solving on GeeksforGeeks.
